agora WHOLESALE

Direct-level life and annuity contracts

You built the agency. Your IMO owns the contract.

Not anymore. Agora Wholesale puts producing agencies on direct-level contracts with eight carriers. Your agency owns its book. If you ever decide to leave, we release you.

DIRECT-LEVEL CONTRACTS WITH

- North American
- F&G
- National Life Group
- American-Amicable
- Athene
- Foresters Financial
- Royal Neighbors of America
- Ameritas

AGORA WHOLESALE, IN ONE SENTENCE

Direct-level life and annuity contracts for agencies that already produce, *with the technology, the leads and the tools stacked on top* and your book kept as yours.

8	**100%**	**On request**	**$0**
carriers at direct level	of your book owned by your agency	release, no hostage contracts	platform fee for contract access

INSIDE

Everything a principal asks before the first call.

01	The ceiling	Why the spread is yours	3
02	The terms	The deal on one page	4
03	The carriers	Eight, at direct level	5
04	The four doors	Contracts, technology, leads, tools	6
05	The platform	One screen, every carrier	7
06	Do the math	A worked example	8
07	Wholesale 101	Six short explainers	9
08	Who it is for, how it works	Four steps	10
09	Straight answers	Seven questions	11

CHAPTER ONE · THE CEILING

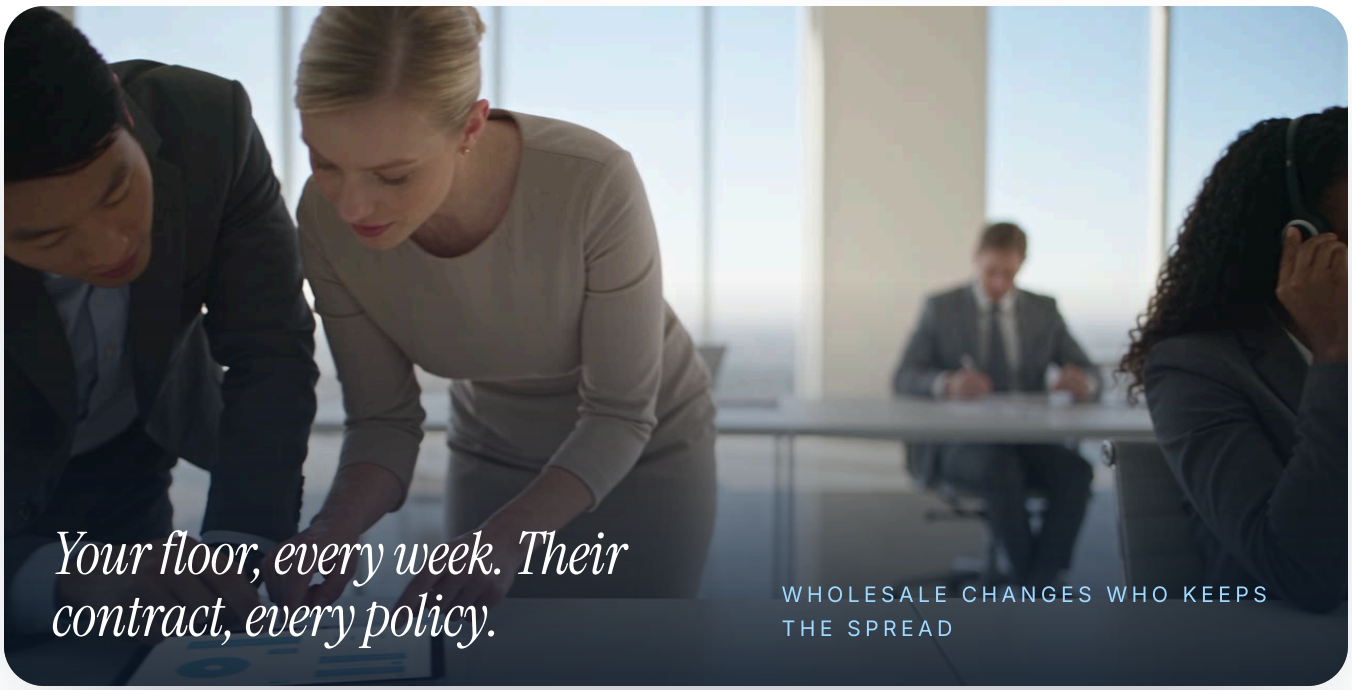

You hired the producers. You bought the leads. You run the floor. *So who set your level?*

A shop that has never seen your numbers did. It holds the contract, decides what you earn on every policy, and keeps the difference. Five carrier statements arrive separately. Nobody shows you the math. The harder your floor works, the more the middle layer makes.

Your level
Set by someone else. Capped at what a national IMO gives an outsider.

Your renewals
Paid ten points under the people above you, forever.

Your data
Scattered across carriers. Reconciled by hand, if at all.

CHAPTER TWO · THE TERMS

Here is the deal, *in plain English.*

Direct-level contracts are the deal. Technology, leads and tools sit behind four doors in the partner portal. Walk through the ones you need and ignore the rest.

PARTNER TERMS

The short version.

AGORA WHOLESALE TERM SHEET

Contracts	**Direct level** Eight carriers
Book of business	**Owned by your agency**
Release	**On request**
Platform fee	**None**
Technology, leads, tools	**Optional** Priced before you buy
Training	**Not required**

Carrier grid and levels are shared privately after review.

Agora

WHOLESALE DESK

WHAT YOU KEEP

Your book of business	**Yours**
Your producers	**Yours**
Your name on the door	**Yours**
Your exit	**Release on request**

WHAT IT COSTS

Contract access	**No platform fee**
Portal login	**Included**
White-label build	**Scoped per agency**
Leads and tools	**Per item, priced up front**
Training	**Optional**

CHAPTER THREE · THE CARRIERS

Eight carriers. *Direct level.*

Life, final expense and annuity carriers your producers already know, contracted at direct level. The full carrier grid and your levels are walked through privately on the partner call.

01 North American

02 F&G

03 National Life Group

04 American-Amicable

05 Athene

06 Foresters Financial

07 Royal Neighbors of America

08 Ameritas

YOUR LEVEL
Set by your production, not by a parent shop's politics.

YOUR BOOK
Owned by your agency, on every carrier on this page.

YOUR EXIT
If you decide to move on, ask, and we release you.

CHAPTER FOUR · THE FOUR DOORS

Four doors. One portal. *Walk through what you need.*

Contracts are available now. Technology, the lead store and the marketplace open to partner agencies in phases, and each lands in the portal the week it goes live.

Contracts

Direct-level contracts without the IMO tax.

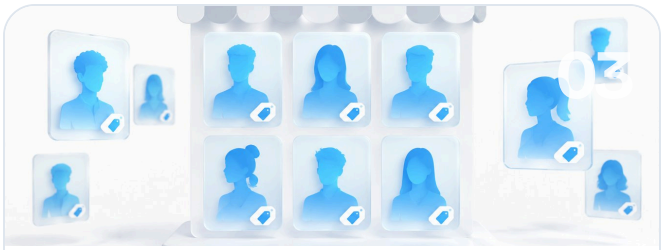

- ✓ Eight carriers across life, final expense and annuity
- ✓ Renewals paid on the schedule Agora is paid
- ✓ Contracting support for new appointments

Technology

Your agency, running on our systems.

- ✓ Agency dashboard: production, promotions, leaderboards
- ✓ Onboarding from licensing to first policy
- ✓ Your logo, your colors, your domain

Lead store

Priced by Agora. Shown before you buy.

- ✓ Per-lead pricing visible up front
- ✓ Source and vertical tagged on every lead
- ✓ Outcome reporting tied back to production

Tool marketplace

Every tool an agency needs, at partner pricing.

- ✓ Annuity and life quoting at partner pricing
- ✓ Estate and tax partners with shared revenue
- ✓ One invoice, one login

CHAPTER FIVE · THE PLATFORM

Every carrier, every producer, every week. *One screen.*

The portal comes with the contract. Issued, paid and lapsed business as the carriers report it, promotions that check themselves, and answers that come straight from the carriers' own guides.

01
Live carrier reporting
Production by carrier, agency, producer and week.

02
Promotion engine
Thresholds from your comp plan, checked nightly.

03
Recruiting pipeline
ExamFX logins, scores and expirations in one board.

04
Underwriting assistant
Answers that cite the carrier guide page.

05
Field pre-qual
Four questions, a class and a carrier before the app.

06
Market Pulse
What clients are asking, rewritten in your voice.

07
Team tree
Every leg and level, with production rolled up.

08
Automation
Tickets, licensing steps and onboarding run themselves.

Carrier feeds connect one carrier at a time and appear in the portal as each comes online. Full tour: agoraassurancesolutions.com/wholesale/platform

CHAPTER SIX · DO THE MATH

What fifteen points *is worth on your floor.*

A worked example on a floor writing two hundred thousand dollars a week. Run your own numbers on the calculators at agoraassurancesolutions.com/wholesale.

PRODUCERS	PER PRODUCER / WK	FLOOR / WK	ANNUAL PREMIUM
40	$5,000	$200,000	$10.4M

YEAR-ONE COMMISSION LEFT ON THE TABLE

$1,560,000

per year across the floor. That is $130,000 a month.

Renewals compound it

A book you own pays renewals at your level for as long as the policies stay on the books, and it stays yours if you move on.

Leads are measured, not guessed

Lead spend sits beside lead outcomes, so you see which sources write business, not just which ones were cheap.

The same fifteen points, at your size	$100,000 / wk	$200,000 / wk	$500,000 / wk
Annual premium	$5,200,000	$10,400,000	$26,000,000
Year-one difference	**$780,000**	**$1,560,000**	**$3,900,000**

Illustrative only: 110% today against 125% direct, on target premium. Levels, renewals and lead pricing depend on carrier, product and production, and are shared privately after review. Nothing here is an offer of compensation.

CHAPTER SEVEN · WHOLESALE 101

Learn the game *before you change it.*

Six short explainers on how wholesale actually works. No jargon.

01 · IMO VS. WHOLESALE

An IMO sits between you and the carrier and keeps the spread. Wholesale means you keep it.

The IMO holds the contract, sets your level, and keeps the difference between what the carrier pays and what you see. Agora Wholesale starts from direct contracts, so that layer is not there.

02 · CONTRACT LEVELS

A level is the share of first-year premium the carrier pays at your position.

A "120" means 120 percent of target premium in year one. The higher you sit, the more of every policy you keep. Levels differ by carrier and product line, and renewals matter as much as year one.

03 · WHITE-LABEL

Your brand on the screen, our engine underneath.

The dashboard, promotions, onboarding and reporting with your logo, colors and domain. Your producers never see Agora. Builds are scoped per agency, and the shared portal works without one.

04 · LEAD PRICING

Agora sets the price. You see it before you buy.

Leads are tagged by source, vertical and age and priced at cost-plus. Because the lead store and reporting share one system, outcomes feed straight back into your numbers.

05 · MARKETPLACE

We do not build every tool. We negotiate the price of the best ones.

Quoting engines, rate watchers, estate and tax partners at partner pricing. Where a partner shares revenue on completed work, that share flows to the agency that wrote the client.

06 · THE REPORTING LAYER

Think Pentagon, not Army. Agora sees the whole board without running your agency.

Production, renewals and who owes what, across carriers, in one place. Partner agencies plug into the same reporting, and carrier feeds connect one carrier at a time.

CHAPTER EIGHT · WHO IT IS FOR

Real agencies. Weekly production.
Resources, not pep talks.

✓
An agency that writes every week
Producers submitting business weekly, and the reporting to prove it.

✓
An agency with its own name
You want your brand on the door and Agora running the engine behind it.

✓
Tired of the big-shop ceiling
You are capped at the level a national IMO gives an outsider.

✓
Ready to own your supply
Leads, tools and contracts you choose, priced where you can see them.

HOW IT WORKS

1
Request a review
Five minutes: agency size, weekly production, current IMO, carriers, and what you want from Agora.

2
Private call
A principal reads every request. If the fit is right, we schedule a call and walk through the carrier grid.

3
Approval
Approved agencies get a portal invitation by email and set a password.

4
Plug in
Contracts first. Technology, leads and tools are there in the portal when you want them.

CHAPTER NINE · STRAIGHT ANSWERS

Before we talk, *the questions principals ask first.*

Who owns the book of business?

Your agency does. The book you write through Agora is yours, and so are your producers and your name.

Will you release us if we leave?

Yes. If you decide to move on, ask and we release you. No hostage contracts.

Which carriers are available?

North American, F&G, National Life Group, American-Amicable, Athene, Foresters Financial, Royal Neighbors of America and Ameritas, all at direct level. The carrier grid and levels are shared privately after review.

Who is Agora Wholesale for?

Agencies that already produce: principals with producers writing business every week who want direct-level contracts, their own technology and a lead supply they control.

Is this a hierarchy we have to climb?

No. Agora is not a ladder. Beyond the contracts, Agora is the visibility and resource layer: reporting, technology, leads and tools in one place, used only if you want them.

What does it cost?

Contract access has no platform fee. White-labeled technology is a paid build. Leads and marketplace tools are priced per item and shown before you buy. Training is available and never required.

What happens after I request a review?

A principal reads every request. If your agency fits, we schedule a private call, walk through the carrier grid, and once approved your portal login arrives by email.

agora WHOLESALE

— THE NEXT STEP

Stop renting your contracts. Run your agency on Agora.

Eight carriers at direct level. Your book stays yours. Release on request.
